

The Facts About High Blood Pressure

(AHA, Nov 2017)

What is high blood pressure?

High blood pressure (HBP or hypertension) is when your blood pressure, the force of the blood flowing through your blood vessels, is consistently too high.

If you have high blood pressure, you are not alone

- Nearly half of American adults have high blood pressure (many don't even know they have it).
- The best way to know if you have high blood pressure it is to have your blood pressure checked.
